BNY Mellon Asset Management Recognised at Key Industry Awards

Wins in five categories

LONDON, 12 May 2009 – BNY Mellon Asset Management triumphed at the Pensions and Investment Provider 2009 Awards in London last week. The Group won five key awards across differing categories.

The Pensions and Investment Provider Awards recognises providers who have delivered excellent service to UK pension schemes over the previous year. BNY Mellon Asset Management won the much coveted award of Best DC Provider (Investment Only). In the Investment Provider categories, Newton scooped three of the four awards for which it was short listed: Best Active European Equity (ex-UK); Best Active UK Equity and Best Asset Allocation (for its multi-asset investment capabilities). In addition, Mellon Transition Management Services was awarded Best Transition Manager in the Scheme Services categories.

Commenting on the awards, Jon Little, vice-chairman of BNY Mellon Asset Management, said: “We are pleased that BNY Mellon Asset Management featured so strongly as contenders for six award categories, and obviously delighted that we enjoyed success in five of these. Newton’s thematic approach to investing has helped it navigate the difficult investment environment, especially over the last 12 months. The business is continually recognised for its consistent positive returns for investors. Mellon Transition Management continues to build on its strong record of world class client service and award winning capabilities.

“Competition was strong from our peers in the industry, but this achievement is testament to our belief that our multi-boutique structure, and broad range of investment capabilities, offers institutional investors best in class solutions and the highest levels of client service.”
